

# NORTHSIDE DRIVE

A Quarterly Update  
On Improving Atlanta's  
Vital Corridor

Brought to you by

## Portions of Northside Drive to be Completed This Week

The Astra team is pleased to report the Northside Drive project continues to progress ahead of schedule. You can look forward to smoother rides along the corridor this week, as the paving from Peachtree Creek North is complete, with only striping remaining. Additional ADA improvements will continue south of Peachtree Creek this fall.

We will begin work on the PATH Foundation multiuse trail that connects to the boardwalk this fall, and we are also continuing our work installing granite curb on the east side of the road at Bobby Jones Golf Course.

As always, please pass on this information to your friends, neighbors, neighborhood associations or NPU representative to help keep your neighborhood informed. [Please subscribe to this newsletter](#) to stay up-to-date in the coming months. And if we haven't answered all your questions, please email [info@astragroupinc.com](mailto:info@astragroupinc.com).

We'll continue to keep you updated on our progress and welcome all comments. We thank you for your patience as we work hard to improve Atlanta's roads.

### A Familiar Face along Northside Drive

As you drive along Northside Drive, you have likely seen Tiffany Shelton diligently directing traffic. Tiffany is the first graduate of [Westside Works](#), a long-term neighborhood program focused on creating employment opportunities and job training for residents. Through the program, students receive skills assessments and training, as well as job readiness preparation for their desired industry, which could include culinary, construction or CNA/office. After working in the medical field, Tiffany felt it was time for a change, so she signed up for Westside Works. She completed the program and selected Astra as her first choice at the job fair. She's now been with us for nearly 3 years working on erosion and traffic control and continuing to expand her knowledge of the construction industry.

We're proud to support this initiative and are even more proud to have Tiffany as an integral part of our team.
