### **Construction Update for Oldfield Outfall Sewer Improvements**

Dear City of Atlanta Customer:

On behalf of The Department of Watershed Management we are writing to let you know we appreciate your cooperation and continued patience as the city works to improve the sewer infrastructure in your neighborhood. This work is a key part of our capital improvement plan to ensure clean, safe drinking water for Atlantans and our downstream neighbors.

On Monday, August 26, the City's contractor encountered rock during excavation which delayed progress to tie the existing sewer line to the new sewer line near the corner of Woodward Way and Northside Drive. We apologize for the excess noise due to the chipping of the rock.

### **Completed Work**

- 1470 linear feet of sewer pipe installed
- 11 manhole installations to assist with sewer flow

### **Upcoming Work**

- Removal of aerial sewer which is above ground and passes over the nearby creek
- Pavement restoration
- Creek embankment restoration

### **Project Completion**

Anticipated project completion date is set for end of September, weather permitting.

In light of the holiday, the City of Atlanta will suspend construction operations beginning 12:00 PM Friday, August 30, 2019 until 9:00 AM Tuesday, September 3, 2019 from construction impacts and noise.

If you know someone who would like to be added to the project distribution list to receive future updates, please have them email me directly at [amuraida@atlantaga.gov](mailto:amuraida@atlantaga.gov). Learn more about the project by visiting, <http://bit.ly/AtlantaDWMOldfieldSewer>.
