

Project Communications Weekly Community Updates

(November 7, 2022– November 11, 2022)

Project Name:

Woodward Way Pump Station #1 Improvements Project

Project Update:

Ruby-Collins is working to complete the emergency exit gate and sliding entrance gate key mechanisms. Crews are working on completion of the electrical punchlist items.

Community Impacts:

Woodward Way walk path and roadway is now open to traffic.

Next Week's Construction Work & Schedule:

Crews will install the operational box for sliding entrance gate and the key appurtenances for pedestrian emergency exit gate. In addition, watering of trees and shrubbery during designated times will continue as planned. Ruby-Collins will also attempt to plant the missing red oak tree in the location that was identified last spring.
